

BE COUNTED, OR LOSE OUT.

It's time to fill out and mail in your Census 2010 form. It's easy and fast!

The confidential information you provide will affect how your state is represented in Congress.

It will help determine how more than \$400 billion per year is allocated for projects like new hospitals and schools.

You and others in your community may use the census data later to plan environmental and quality-of-life initiatives in your area.

If your community is undercounted, it will be underserved. **Fill out and mail in your form today!**
